To Whom It May Concern,

I am writing this letter to recommend Ms. Caitlin Escobar for a teaching position in your district. I had the pleasure of working with Ms. Escobar at Evelyn Stuckey Elementary School in the Clark County School District from 2017-2021. During this time, I was the Principal and her supervisor, while Ms. Escobar served as a third grade and fifth grade teacher.

Ms. Escobar held herself and all students to high standards. She was committed to the well-being and success of Stuckey Elementary School and our school community. She collaborated with the administration and colleagues frequently to ensure high quality instruction. She provided a safe, welcoming classroom environment that was conducive to learning. Ms. Escobar planned and provided instruction in all areas of the curriculum, differentiating to meet the needs of her students. She was highly regarded by her peers for her knowledge of mathematics instruction.

When observing Ms. Escobar in and out of the classroom, she focused on student success. She clearly communicated classroom routines and procedures, and held students to high standards, both academically and behaviorally. Ms. Escobar also assisted in planning and participating in numerous school community events and supported our school PTA.

I am confident that Ms. Escobar would be an asset to your school district. She is committed, hard-working, and truly cares about students, staff, and the school community. If you need any additional information, please contact me.

Sincerely,

Joelle L. Mills

Principal

William Saroyan Elementary School
